

# ADRIANA CHRISTINA QUIROZ CORREA

Junior Software Developer | Nuxt | Nest JS | TypeScript | Tailwind CSS

Phone: +591 75318561 | Santa Cruz, Bolivia | [christinaquirozcorrea@gmail.com](mailto:christinaquirozcorrea@gmail.com) | [Portfolio](#) | [LinkedIn](#)

## SUMMARY

Detail-oriented Junior Developer with a solid foundation in software and web development. Passionate about Front-End, with strong skills in building modern, responsive, and user-focused interfaces. Committed to delivering high-quality digital products from start to finish.

## WORK EXPERIENCE

**Mobi LATAM, Santa Cruz, Bolivia**

**11/2025 – 02/2025**

Software Engineer - Intern

- Built and improved core features of the company dashboard used for internal operations.
- Developed UI modules for clients, payment reporting, and rider management systems.
- Assisted in full-stack development for the mobile application and participated in bug tracking and fixes.
- Applied clean code practices, SOLID principles, and software architecture fundamentals.
- Tech stack: Nuxt, Nest JS, MongoDB.

**trabajito, Santa Cruz, Bolivia**

**03/2024 – 10/2024**

Frontend Developer - Intern

- Actively participated in the redesign of user interfaces, implementing approximately 60% of the views based on PSD files, ensuring visual accuracy and usability.
- Identified and implemented backend logic for a LIFO test functionality, along with the design of a user-friendly interface.
- Developed advanced job search filters, enabling the combination of multiple search criteria.
- Worked within the SCRUM methodology framework.
- Tech stack: Laravel, PHP, jQuery, Blade, Bootstrap, MySQL.
